Introduction to  
Upstream  
SIM Mapping versus Upstream

Missouri Upstream  
Results  
Community  
Engagement

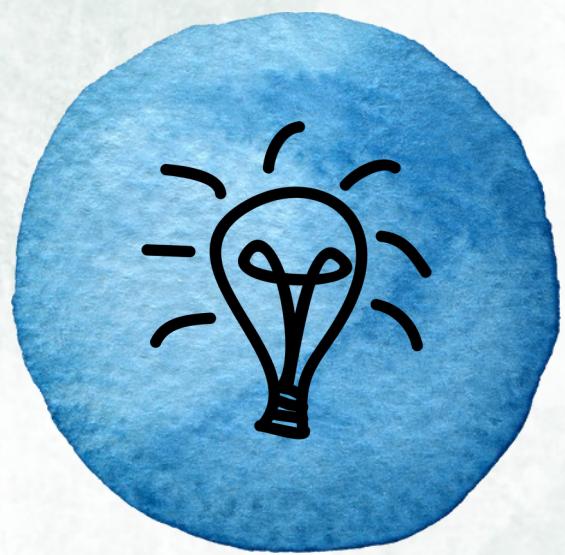

# What is Upstream?

- A collaborative project to improve the availability, accessibility, and awareness of resources and services for youth and their families. The focus is on each community's resources and plans of action.
- The Missouri Behavioral Health Council is spear-heading Upstream Youth Mapping. They partner with the Missouri Department of Mental Health (DMH), the Office of State Courts Administrator (OSCA), Children's Division (CD), The National Center for State Courts (NCSC), and the Missouri Juvenile Justice Association (MJJA) to conduct Youth Mapping in Missouri.

# Goals of Upstream

Assess  
Available  
Resources

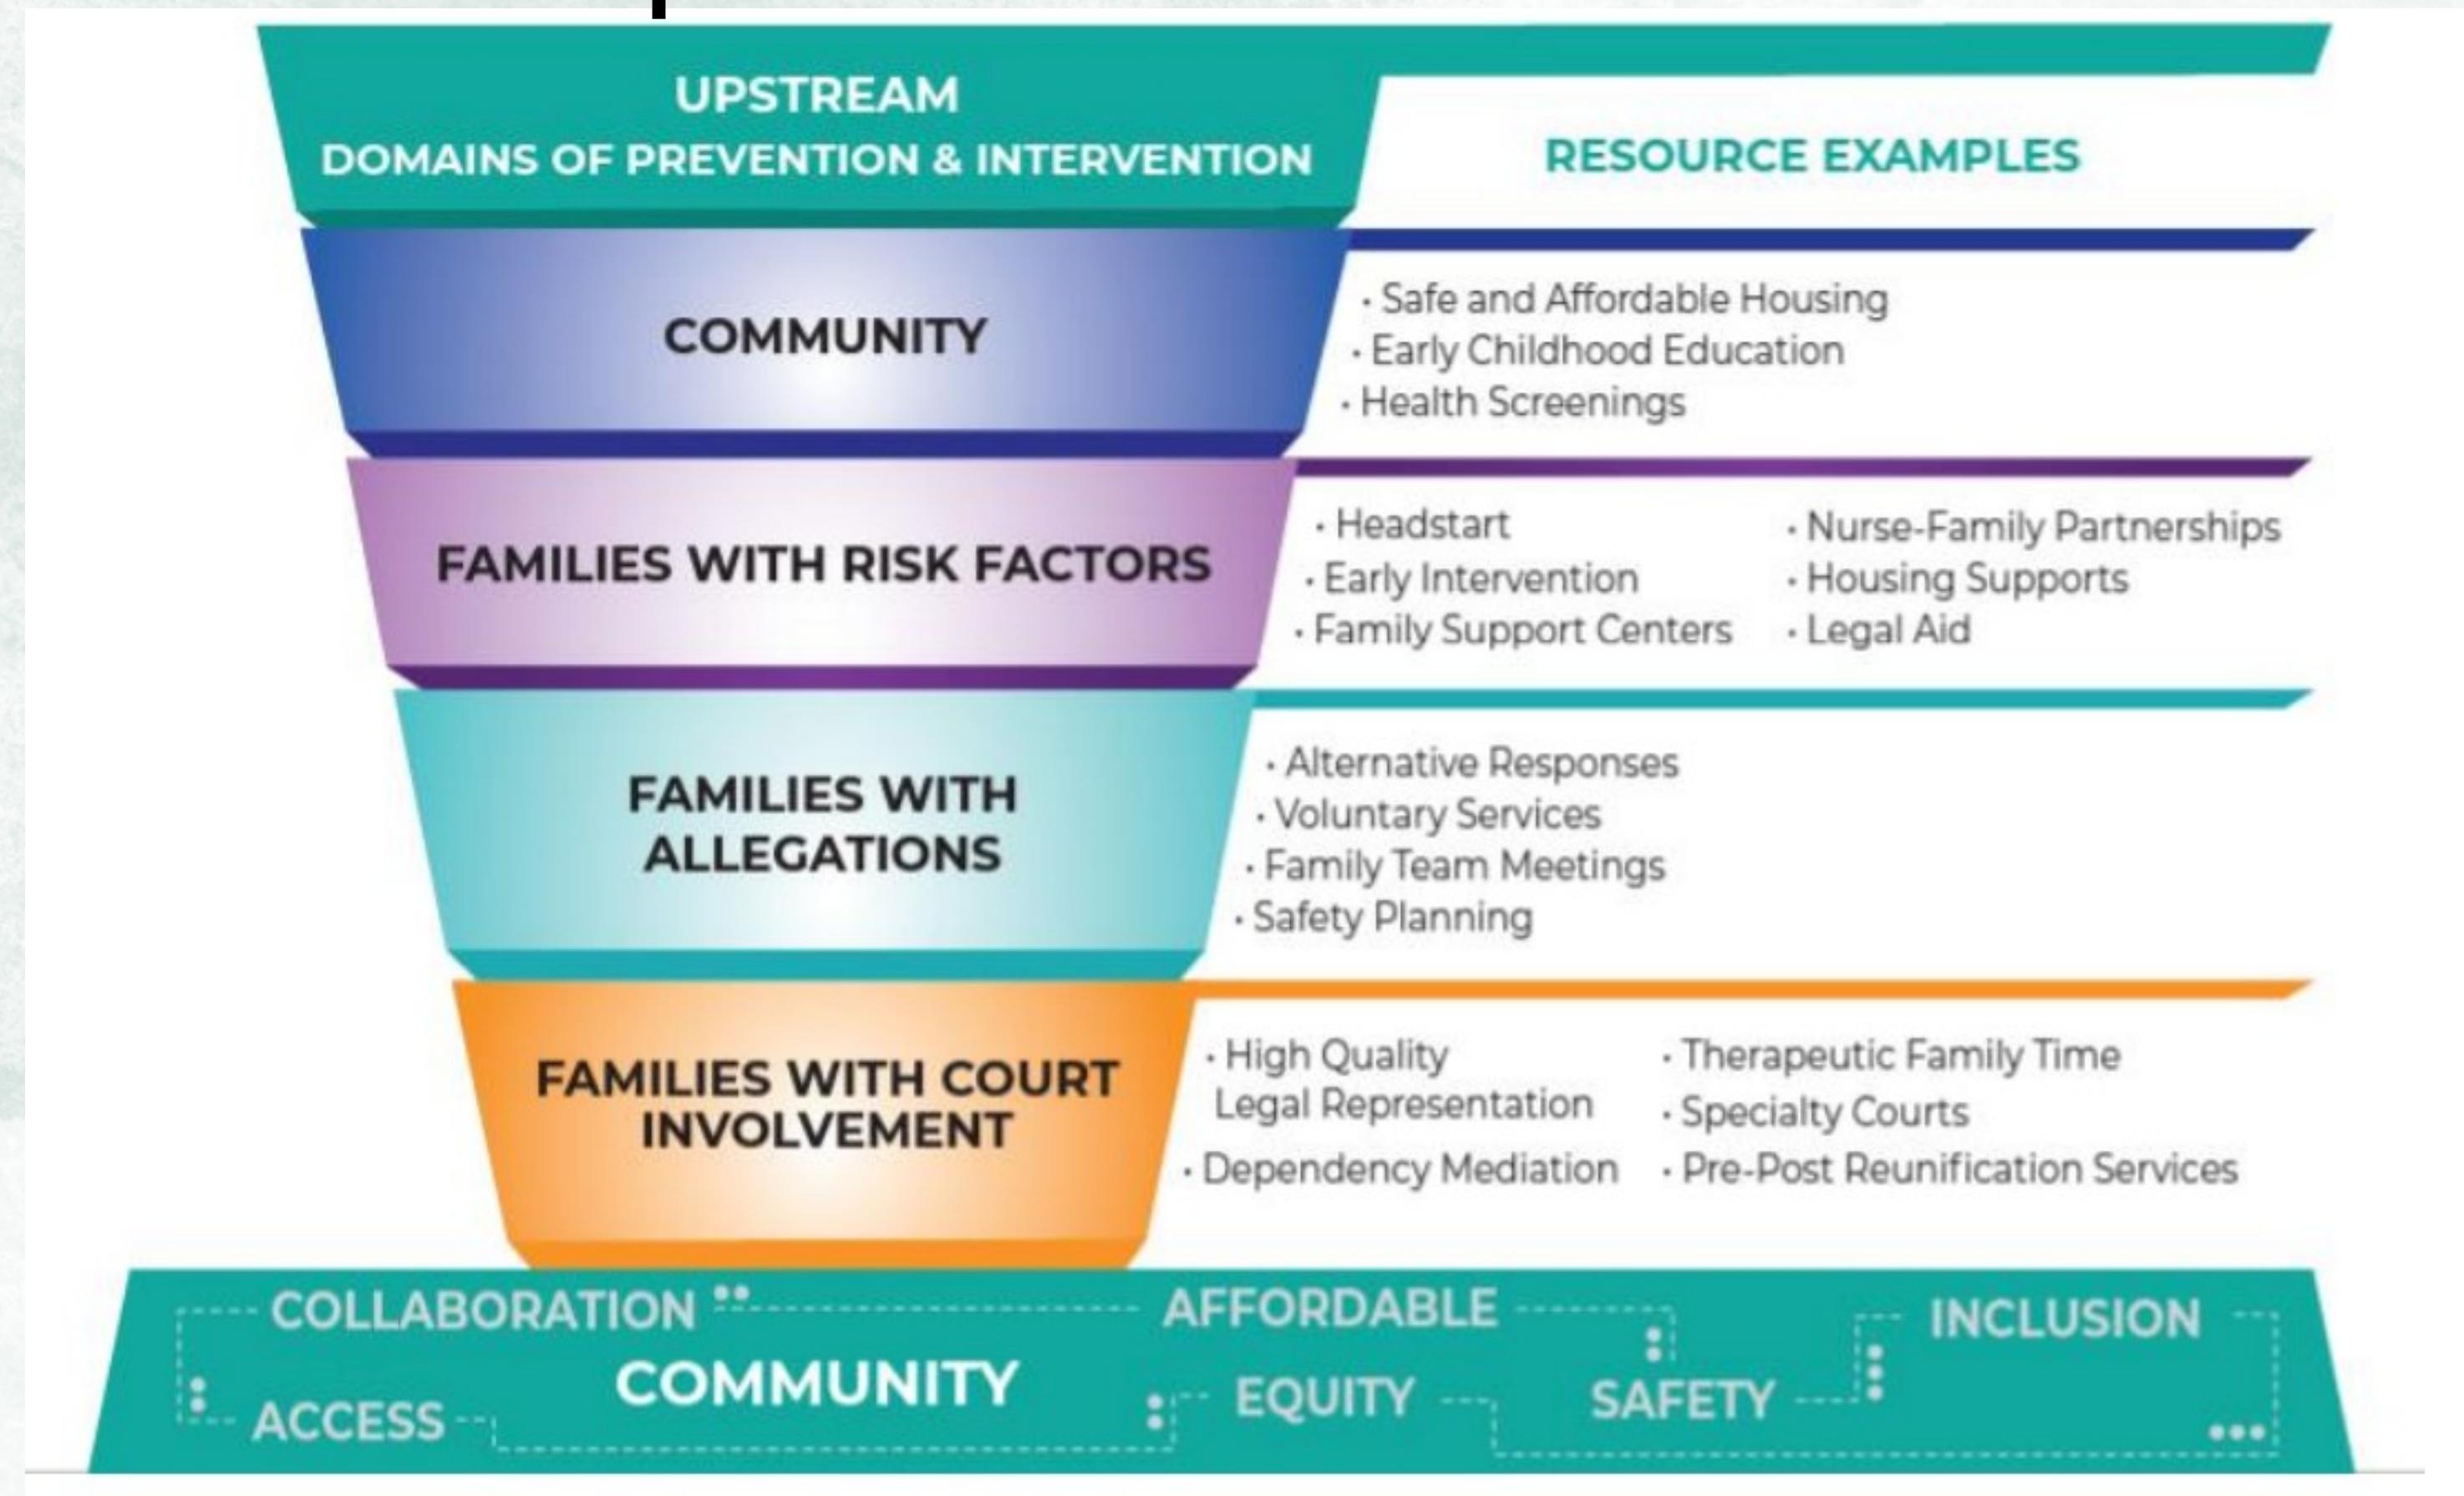

Identify  
Gaps/Challenge  
s

Establish Plans  
for Community  
Change

# Upstream Domains

# SIM Mapping

Vs.

# Upstream Mapping

- **Focused on adult systems.**
- **Maps the criminal justice system**
- **Goal is to divert individuals from the criminal justice system.**

- **Focused on families and youth.**
- **Maps the juvenile justice and child welfare systems**
- **Goal is to strengthen communities, prevent child maltreatment and out-of-home placement, reduce court involvement, and support safe and healthy families.**

## Both SIM and Upstream

- **Identify resources and gaps in services.**
- **Enhance relationships across systems and agencies.**
- **Create local action plans.**
- **Community-wide lens.**

# Upstream Mapping Days

## Day 1

- Introductions
- Background and goals of Upstream
- Identifying available community resources and services
- Identifying gaps in community resources and services
- Mapping the Juvenile Justice and Child Welfare systems.
- Vote on priority areas

## Day 2

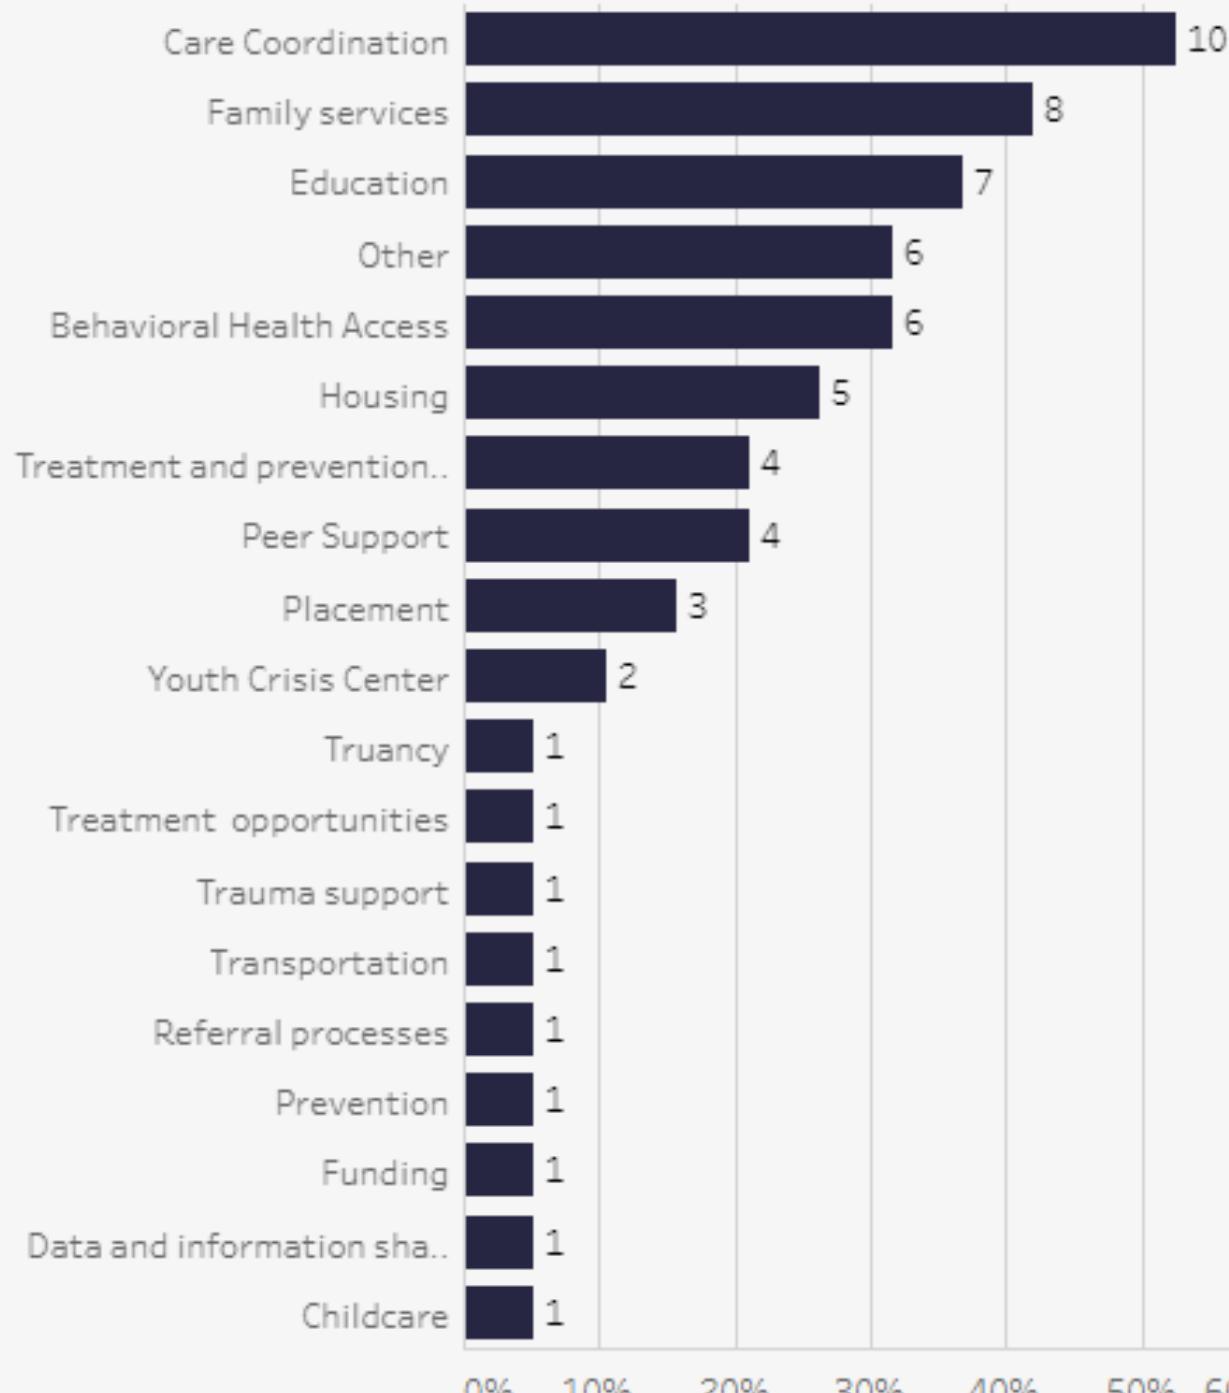

- Split into groups based on identified priority areas.
- Create a plan/tentative solution for the priority area.
- Identify next steps as a group.
- Meet as a big group and review action plans and

# Success Stories

## Circuit 12

During their Upstream Mapping, the community discovered there was a high need for diapers, but no active diaper closets.

The churches who attended Upstream were able to gather diaper donations

## Circuit 19

During their Upstream Mapping,

Circuit 19 talked about the strain of not having a youth serving behavioral health crisis center (BHCC). Out of the meeting a group was formed to establish a youth BHCC - they have

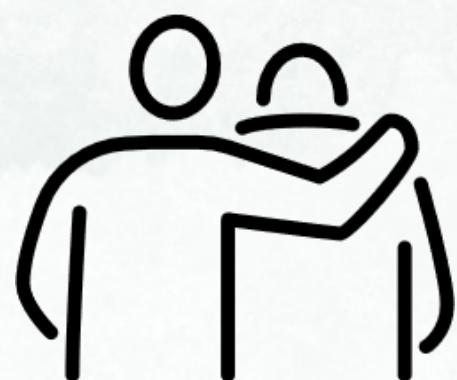

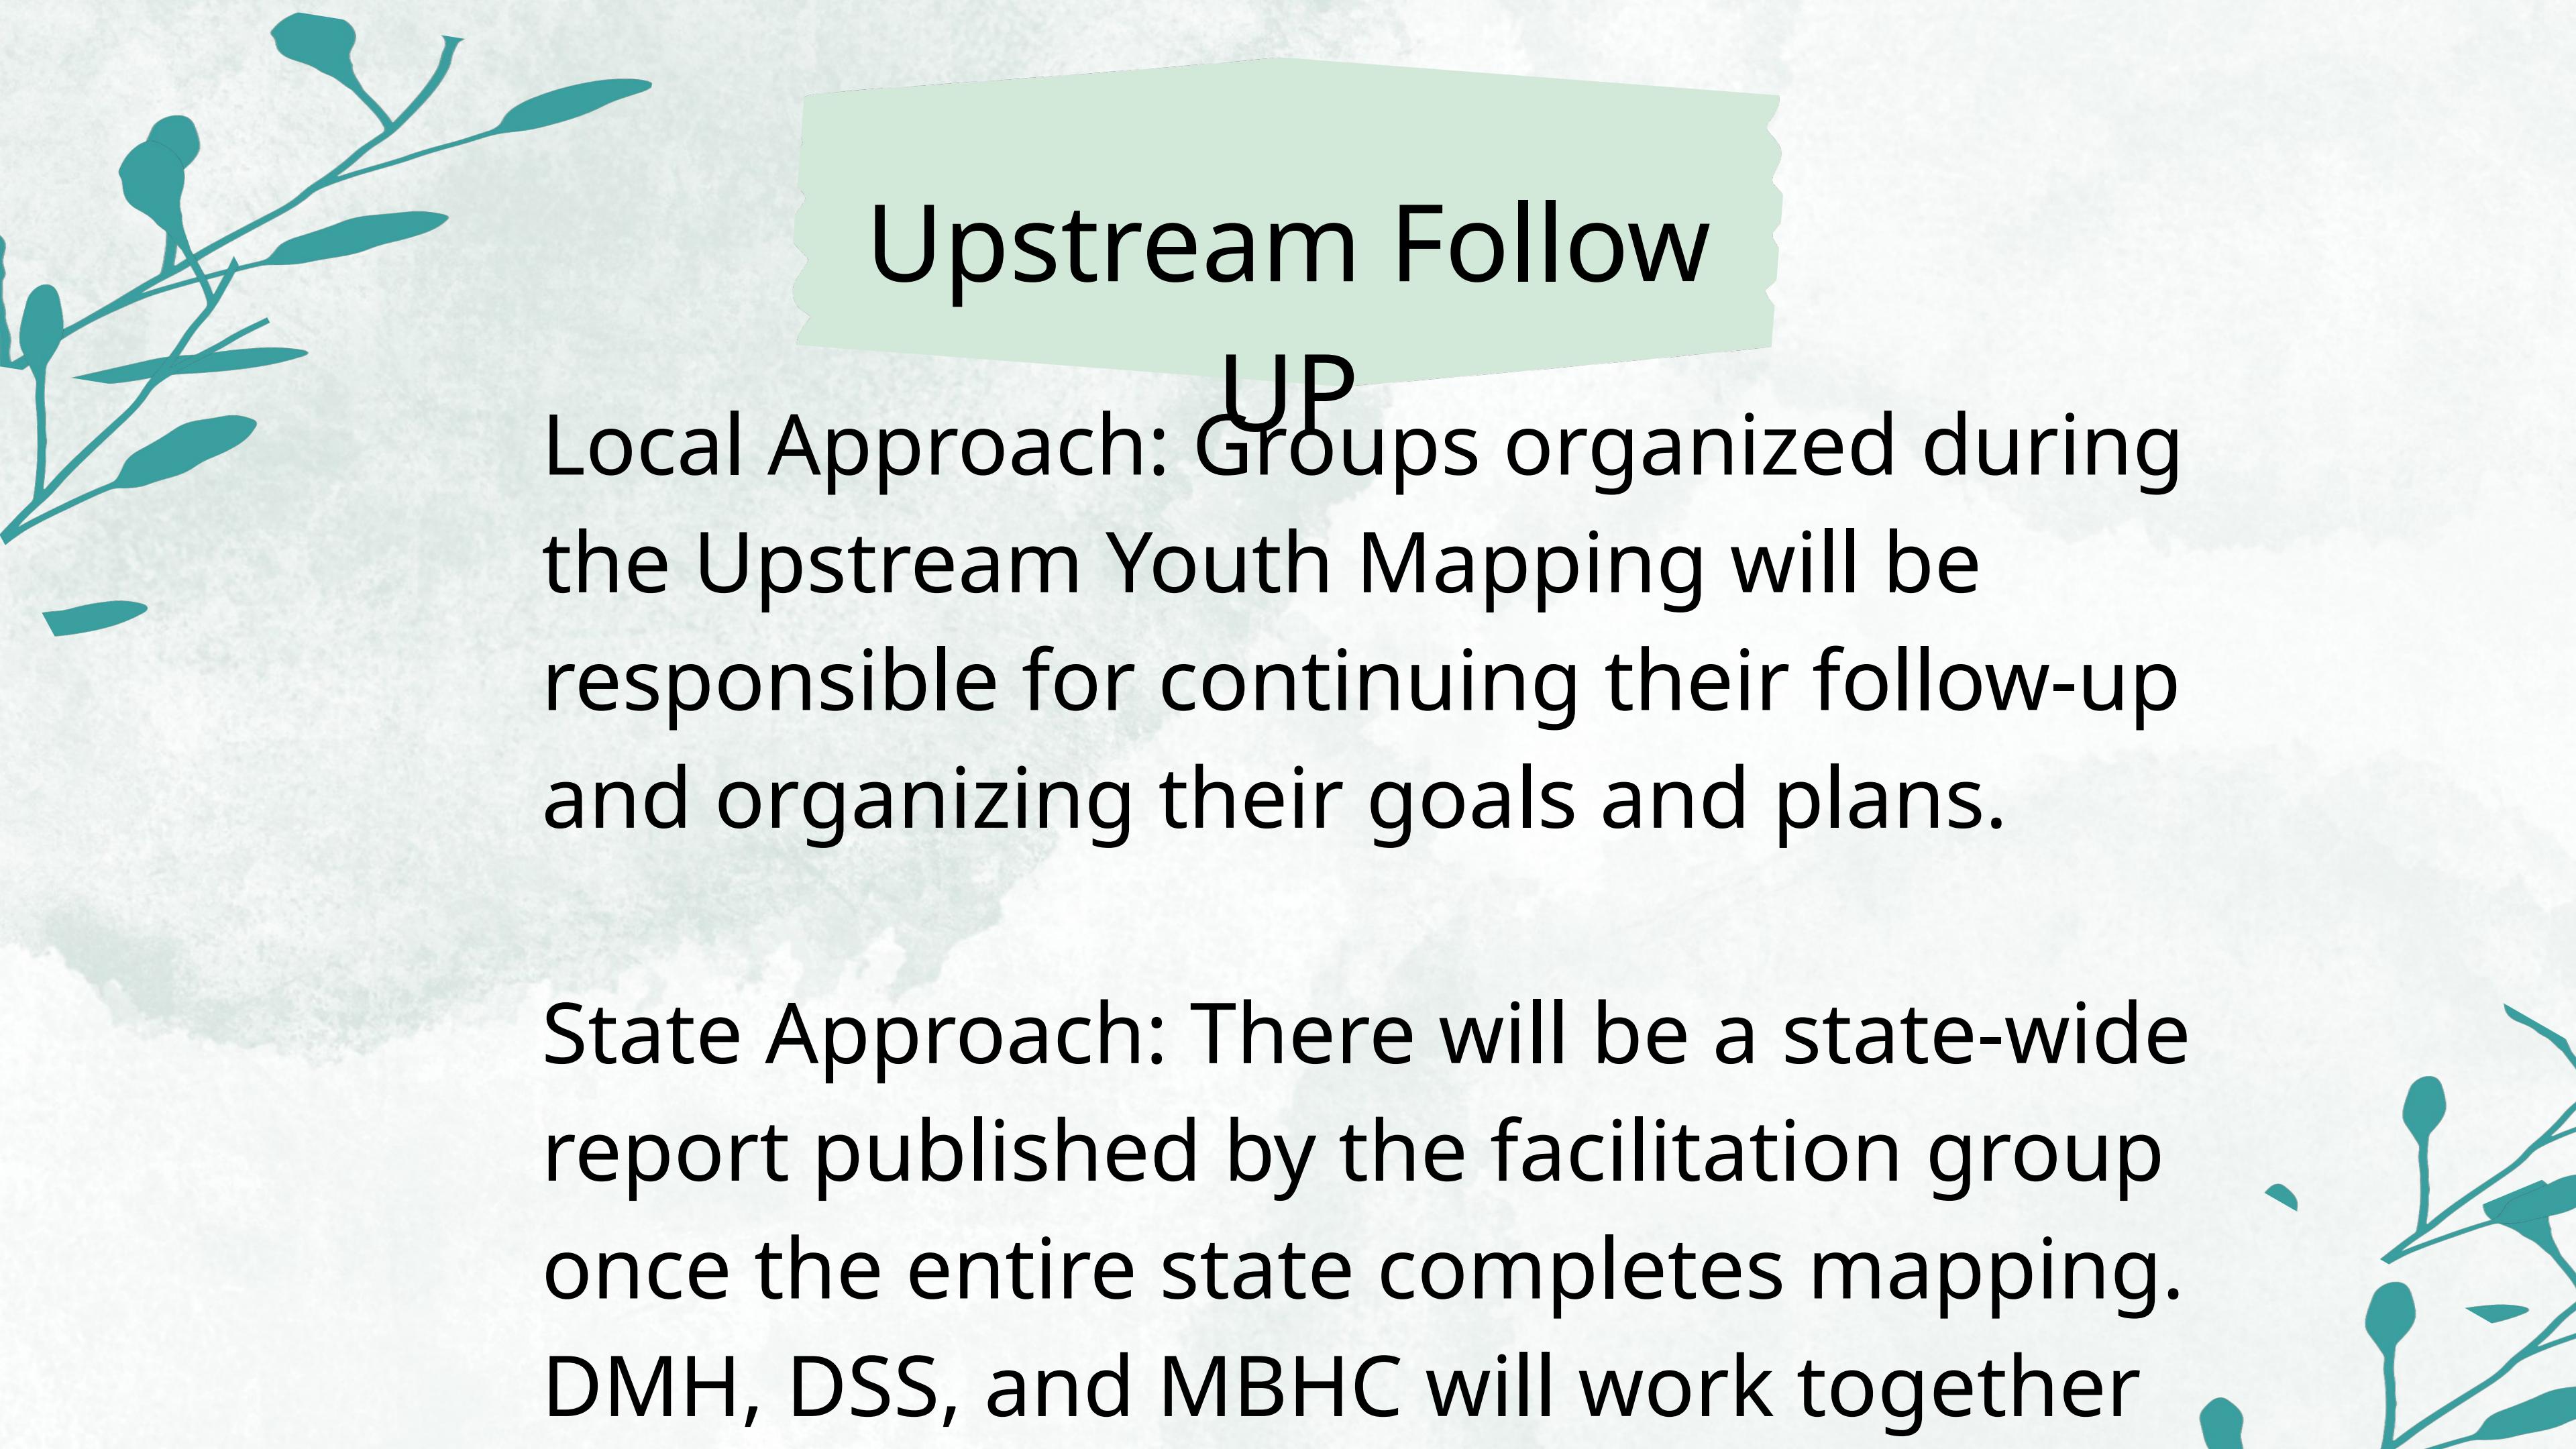

## Circuit 17 - Cass

Cass County focused on creating an

attendance committee to help support youth who are frequently absent from school.

They also intend to provide peer support for parents to work on the underlying issues that may contribute to truancy. They also plan

## Upstream Follow

UP

Local Approach: Groups organized during the Upstream Youth Mapping will be responsible for continuing their follow-up and organizing their goals and plans.

State Approach: There will be a state-wide report published by the facilitation group once the entire state completes mapping. DMH, DSS, and MBHC will work together
