Health

Youth Behavioral Health Liaisons (YBHLs)

YBHLs are behavioral health professionals employed at Community Behavioral Health Clinics (CCBHCs) across the state of Missouri.

YBHLs support youth experiencing behavioral health challenges by connecting them to supports and services within their community.

YBHLs Continued

Who do they accept referrals from?

YBHLs accept referrals from any youth-serving organization. This includes, but is not limited to, Children's Division, schools, juvenile offices, courts, law enforcement, and many others.

How do I make referrals?

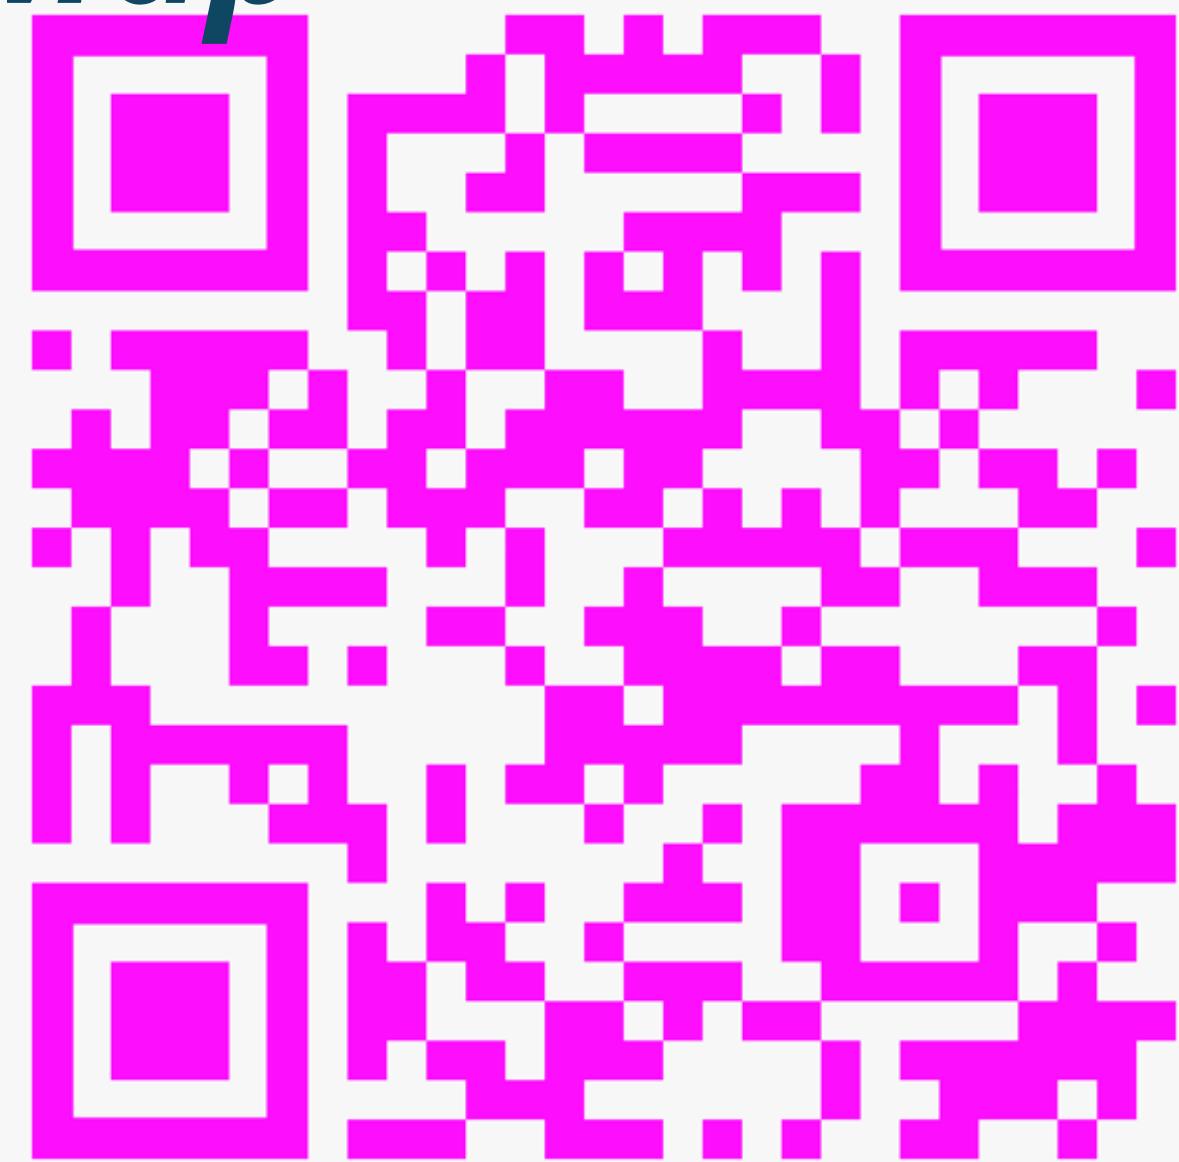

YBHLs cover the ENTIRE STATE of Missouri, allowing anyone to make a referral. To make a referral you can either contact your local YBHL and provide them with the youth's information or provide the YBHLs information to the family for them to reach out.

How do I find my local YBHL?

Utilizing the Crisis Resource Map developed by the Missouri Behavioral Health Council allows individuals to select the county in question and quickly see their local YBHL, CBHL (Community Behavioral Health Liaison), and BHCC (Behavioral Health CrisisCenter).

YBHLs have many roles in their communities...

••••

Link youth and families to appropriate resources

Coordinate and access resources within the crisis continuum.

Answer general questions about youth behavioral health.

Coordinate services within the local systems of care.

Provide training for youth serving organizations on youth behavioral health.

••••

YBHL Community Engagement Data

Why did we start collecting this?

- YBHLs across the state engage with their community every single day, and we wanted to be able to show all of the amazing work they were doing!

How are we tracking this data?

- YBHLs can enter their community engagements directly into CareManager - the same platform they utilize to enter referral and outcome data.

YBHL Community Engagement

We collect the following data on community engagement:

- **Engagement type**
 - Booth, Meeting
 - Training
 - Presentation
 - CIT Training
 - Office Hours
 - Other
- **Audience type**
 - School/SRO
 - Internal
 - LEO/Police
 - Other State Agency
 - Children's Division
 - Juvenile Office,
 - Juvenile Court,
 - Behavioral Health Crisis Center
 - Another Liaison
 - Family Court
 - Other.

YBHL Community Engagement

- **Training Type** *Data Cont.*
 - CIT Training
 - Behavioral health Services
 - Substance Use
 - De-escalation
 - Interventions and Interactions with Youth
 - Mental Health
 - Mindfulness and Self-Care
 - Bullying
 - Suicide Prevention
 - Trauma and Loss
 - Stress Management
 - Other.
- **Hours Spent (including in preparation)**
- **Number in the audience**

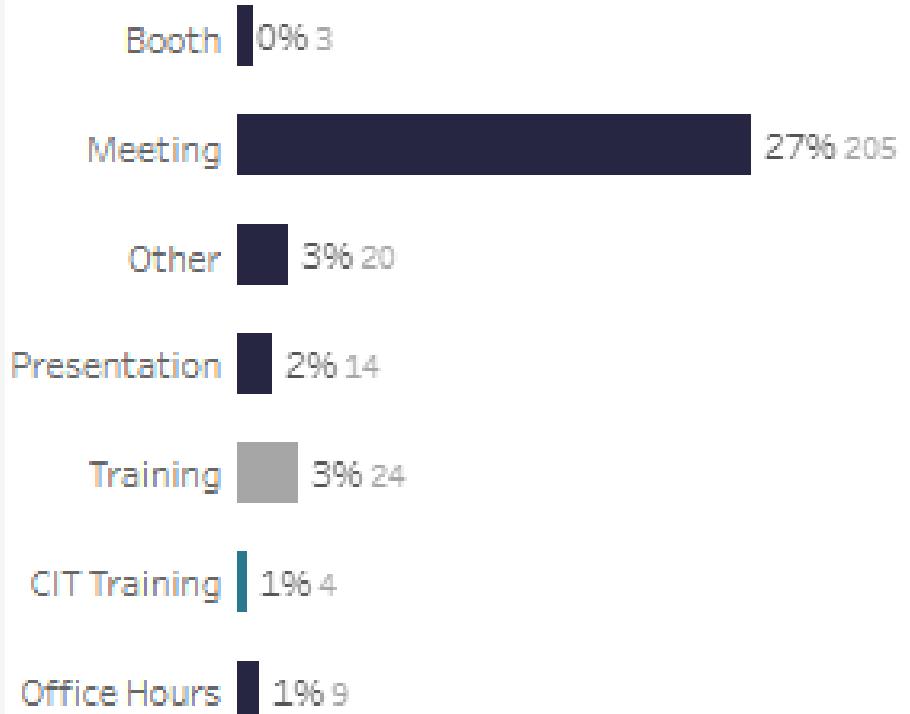

Since Tracking Started

- 767 engagement events
- Over 1,700 hours logged
- Over 20,000 attendees

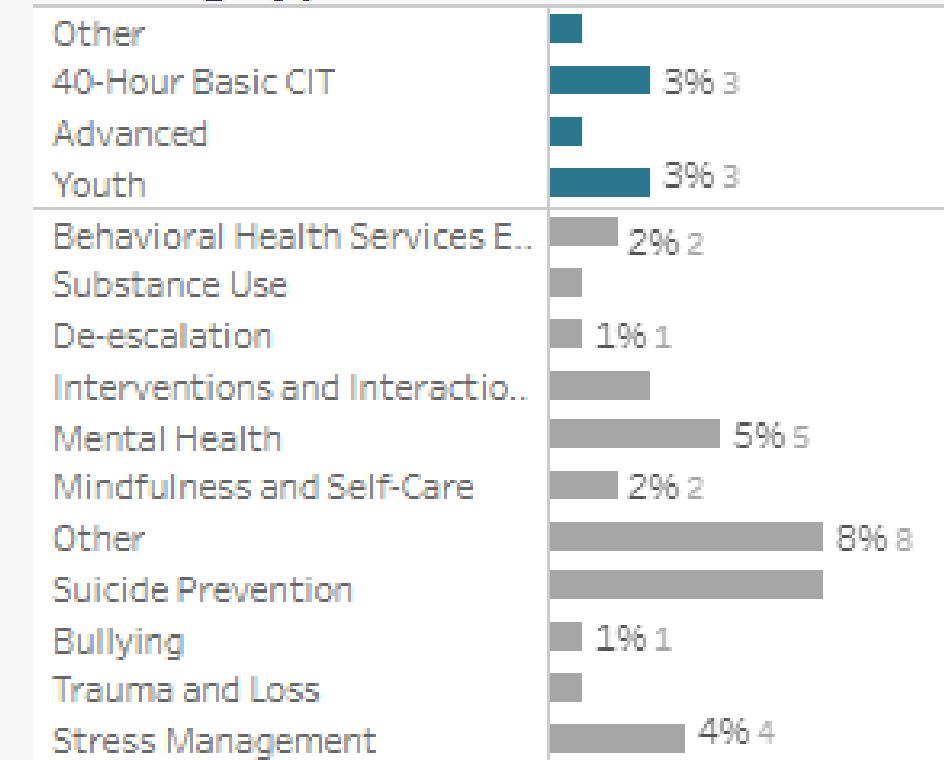

Trends

- In those months with low referrals, community engagements increase.
- New YBHLs start with high community engagement numbers, as they build up referral relationships.

Upstream Mapping

What is Upstream?

A collaborative project that works to improve the availability, accessibility, and awareness of resources and services for youth and their families. The focus is on each community's resources and plans of actions.

Who is Facilitating Upstream?

The Missouri Behavioral Health Council is spearheading Upstream Youth Mapping. They partner with DMH, the Office of State Courts Administrators (OSCA), Children's Division (CD), the National Center for State Courts (NCSC) and the Missouri Juvenile Justice Association (MJJJA).

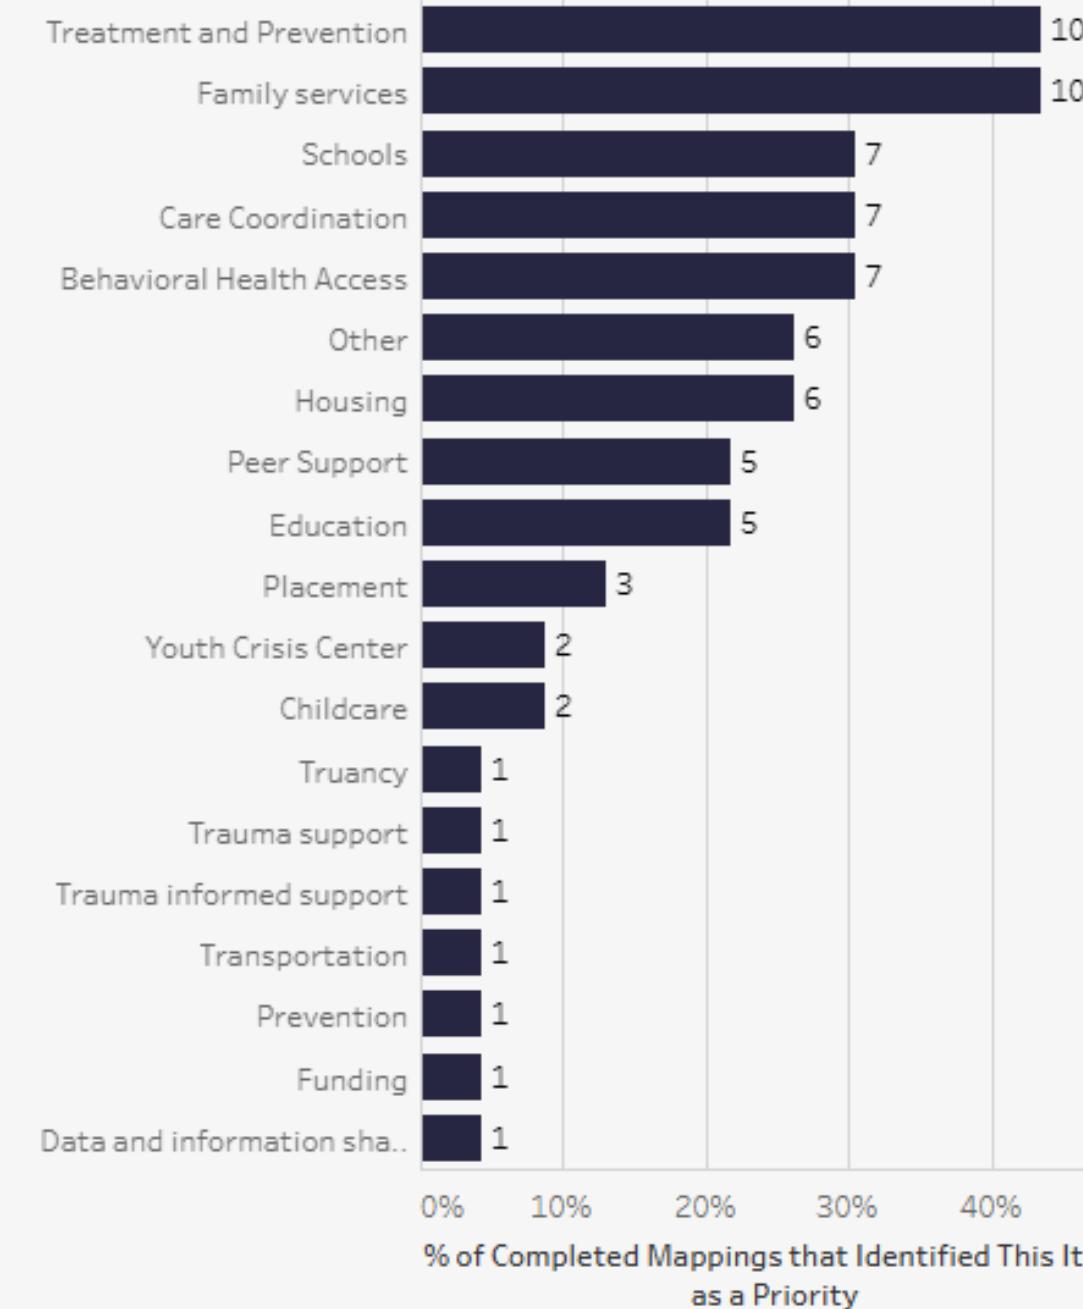

Goals of Upstream

- **Assess available resources within a community.**
- **Identify gaps and challenges within a community.**
- **Establish action plans for community level change.**
